## "The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also affected, and many an evil deed or impure thought can be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery, which cures and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the name being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

## ABDUL A PRISONER.

As was stated yesterday, the former ruler of Turkey, Abdul Hamid II, is to be kept a prisoner in a large house with walled grounds on a height overlooking Saloniki, which has lately been occupied by the commander of the international grandmairie. He is not to be put on trial as has been widely reported in Constantinople, for he is considered to be above the law. It was thought wise to keep the deposed sultan in European Turkey remote from the capital. His household will be administered for him upon a generous scale and his life will be safeguarded as he earnestly besought when informed of his dethronement.

Constipation was illuminated last night and there was general rejoicing. Although yesterday was a holiday, several courts-martial were held and several principals in the mutiny of the troops were condemned to death. Later they were taken outside the walls of the city and shot.

Prince Sabah Eddine, the nephew of the sultan, who was arrested on suspicion of being implicated in the rising, has been liberated and his release has caused a good impression.

The illuminations last night were extensive, all the embassies and legations being hung with lights and decorations. It was noticed at the palace of Mohammed V that the American ambassador was the first of the foreign representatives to communicate his good wishes to the newly proclaimed sultan. The sultan sent his compliments and thanks to Mr. Leishman, expressing pleasure that the representative of the United States was the first to congratulate him.

## LIFE SENTENCE FOR HARGIS.

As was stated in yesterday's Gazette, Beach Hargis must pay the penalty of his crime. The jury yesterday afternoon returned a verdict fixing his sentence at life imprisonment for the murder of his father, Judge James Hargis, at Jackson, Ky.

The murder of Judge Hargis occurred in the judge's store at Jackson, Breathitt county, Ky., last February. Beach had been intoxicated, it is alleged, for several days, and on the afternoon of the killing he is asserted to have said that his father had been mistreating him, and that he was going to have revenge. He left the place where he is alleged to have made three threats and went directly to the Hargis store.

There he was met by his father who asked him what he had been doing. It is not known what Beach answered, but the two clinched during which Beach shot his father four times, the bullets being fired through his coat. It is said that he did not have time to draw his weapon which belonged to the father and which had been taken from the store by young Hargis.

Judge Hargis died while being carried from the store to his home, a short distance away, and for several days excitement was intense in the little town.

The strong Hargis faction was split to pieces by the clamors on the part of Judge Hargis' friends that Beach be punished and their efforts to secure his freedom by his mother. He was placed in jail soon after the shooting and a day or two later tried to commit suicide by taking a considerable quantity of morphine. He was saved, however, by his brother-in-law, Dr. W. P. Hoge, rushing to the jail and using a stomach pump.

## CURSED WHILE DYING.

A dispatch from Logansport, Ind., says two hold-up men shot and fatally wounded Joseph Kruger, a patrolman, last night, but before falling Kruger fired two shots from his revolver. One of the footpads was hit in the abdomen and died at St. Joseph's Hospital. The other fled but was captured later.

The identity of the young man is unknown. While he was in the hospital, doctors, sisters and priest endeavored to get him to make a statement, but he only cursed in reply. When he was dying, a priest made a last appeal to the man to tell his name, that his folks might be notified, but the dying man, with great vehemence, shouted:

"You go to —!" Then with a moan, he sank back in bed and died. After the fight two policemen took a band and pursued the fleeing robber. They caught a man who gave his name as Charles Pierce, of Stratton, Pa., at Verona, a station on the Vandalia Railroad. He was identified as one of the thugs, who did the hold-up work during the night, and it is believed he shot Kruger.

Senator Paynter, of Kentucky, yesterday offered an amendment to the tariff bill reducing the duty on typesetting machines from 45 to 10 per cent, ad valorem.

## MOUNT IDA

Is the new subdivision between Washington and Alexandria. The W. & A. Mt. Vernon Electric Railway runs through the property. It is situated on a high elevation overlooking the city of Washington, and is a most beautiful situation for suburban homes. Only 15 minutes to the heart of Washington—Twelfth and Pennsylvania Avenue. We are putting in first-class granolithic walks, grading and graveling the streets and building our own waterworks, which will be supplied with spring water situated on the property. While we are putting in all these improvements we are still going to sell lots at about 25 cents on the dollar of what some others are charging for lots that cannot compare with ours. We will commence the sale now soon, and will start these beautiful lots at \$100 up—\$10 cash and \$5 per month. The price will be advanced to per cent per month until they are closed out. We commence at this low price to enable the early buyers to always be certain of being able to sell at a good profit in case they wish to do so, as the company will have no lots for sale after the first month, except at an advance of 10 per cent. We can give you any size lots from the usual size to several acres, if desired. Stop paying rent and build yourself a home at Mount Ida. If you want help to build, we can arrange this for you. We want everyone to come out and look at the property and the improvement now being put in. If you cannot come and will drop us a line, we will have our agent call on you and explain plan. Ask the conductor to stop at Mount Ida Station—the new \$1,000 station at Mount Ida. Someone will be there to show you over the property. The Company's office is in the station. To those who are living at a distance, but who cannot come now, but who would like to get in at the low prices at the opening, we will use our best endeavors to select the best lots at prices desired and will allow the privilege of exchange at any time if lots should not please. Write for price lists and contracts.
